ⁱ All figures are rounded, based on NDB data. Due to rounding, the sum of the average WIC and the average elderly population for each State may not equal the total average participation for each State.

ⁱⁱ Average participation for the category "Women" reflects the sum of the average number of pregnant women and post-partum women participating.

ⁱⁱⁱ Average participation for the category "Infants" reflects the sum of the average number of infants ages 0-3 months and infants ages 4-12 months participating.

* MN/RL participation figures are system generated estimates.
