Dear CSFP Community:

Please find attached the 2019 membership form and dues for the National CSFP Association. The NCSFPA Board of Directors is pleased to now invite you to officially join and support the National CSFP Association.

Your participation in the NCSFPA as a dues paying member supports activities that produced positive results during 2018 including:

- ❖ One new state and two Tribal Organizations were authorized to participate in CSFP bringing the total number of states to 49, plus Washington D.C., Puerto Rico and 3 tribal organizations.
- ❖ Technical assistance was provided to all the new organizations that came on in 2018.
- ❖ Maintaining positive relations with national partners including USDA, FRAC, Feeding America and AARP.
- ❖ Supporting a Washington, DC based National CSFP Association lobbyist.
- ❖ Supporting the advocacy efforts of the National CSFP Association Education/Public Policy committee.
- ❖ Continuing to make improvements to the national profile of the CSFP food package.
- ❖ CSFP received a record \$238,120 million of federal funding in 2018 that supported 58,000 additional caseload slots.

NCSFPA organizes a national conference each year. The conference in 2019 is scheduled for June 2019 in Alexandria, VA. If you become a member, you will be able to attend the conference at a lower rate than non-dues paying attendees.

This is a partial list of NCSFPA accomplishments and member benefits. NCSFPA membership remains an outstanding value and important investment.

To join NCSFPA, please go to our website, www.ncsfpa.org, and follow the links to pay your dues by credit card. If paying by credit card is not possible, please contact our treasurer at barb.packett@nebraska.gov for an alternate way to join. There are incentives for paying your dues early in the year.

We have the shared goal of expanding and improving CSFP. Your membership in the National CSFP Association will support our collective mission of providing excellent service to vulnerable seniors.

Sincerely,

NCSFPA Board of Directors
